

**MINUTES**  
**Institute Graduate Curriculum Committee**  
**College of Sciences Conference Room**  
**2<sup>nd</sup> Floor Tech Tower**  
**May 2, 2006**

**PRESENT:** Green (MATH), Parsons (MGT), Smith (AE), Craig (AE), Pikowsky (Registrar), Davis (PSYC), Anderson (ECE), Peponis (COA)

**VISITORS:** Kilroy (Graduate Studies), Potts (Graduate Admissions), Bradd (Registrar), Hughes (ECE), Drummond (ARCH), Elliott (ARCH), Ahamad (CoC)

1. The Minutes of March 16, 2006 and April 6, 2006 were already approved electronically and were accepted by the Academic Senate at its April 18, 2006 meeting.
2. A motion was made to accept the recommendations of the Student Petitions Subcommittee. The motion was seconded and approved. Unanimous.

| <b>Reason for Petition</b>                                                           | <b>Approved</b>    | <b>Denied</b>   | <b>Tabled/<br/>No Action</b> | <b>Comments</b>                                                                       |
|--------------------------------------------------------------------------------------|--------------------|-----------------|------------------------------|---------------------------------------------------------------------------------------|
| Late withdrawal from course                                                          | 2                  |                 | 1                            |                                                                                       |
| Late withdrawal from school                                                          | 1                  |                 |                              |                                                                                       |
| Late cross-registration with Georgia State                                           | 1                  | 1               |                              |                                                                                       |
| Late change of grade                                                                 | 1                  |                 |                              |                                                                                       |
| Waiver of 6-year rule                                                                | 1                  |                 |                              |                                                                                       |
| Count courses taken in Special status toward MS and change standing to full graduate | 2                  |                 |                              | Pending approval by Graduate Admissions – Approved May 2, 2006 by Graduate Admissions |
| Change to full graduate standing despite not holding Bachelor's degree               | 1                  |                 |                              | Take to full committee – Approved by full committee on May 2, 2006.                   |
| Use 6 hours of CHEM 9000 for 6 hours of CHEM 7000                                    | 1                  |                 |                              |                                                                                       |
| <b>TOTALS:</b>                                                                       | <b>10 Approved</b> | <b>1 Denied</b> | <b>1 Tabled/No Action</b>    |                                                                                       |

3. A motion was made to approve a request from the School of Aeronautical Engineering for a new course. The motion was seconded and approved. Unanimous.

## **NEW COURSE**

AE 6353 Orbital Mechanics 3-0-3

**MAKE INACTIVATE**

AE 6320 Astronautics 3-0-3

4. A motion was made to approve a request from the College of Architecture for three new courses. The motion was seconded and approved as noted below. Unanimous.

**NEW COURSES**

CP 6105 Land Conservation 3-0-3 (P/F and Audit grade options were added)

COA 8540 Doctoral Urban and Regional Development Theory 3-0-3

COA 8530 Doctoral Colloquium in City and Regional Planning 1-0-1

5. A motion was made to approve a request from the School of Electrical and Computer Engineering for a new course. The motion was seconded and approved. Unanimous.

ECE 6280 Cryptography and Security 3-0-3

(Note: Students may not receive credit for both ECE 6280 and CS 6260. A revised course form with an updated 25-word catalog description that more clearly distinguishes the content of the ECE course from the CS course, based on the approach, rather than just listing the topical areas covered, was submitted.)

6. A motion was made to approve the program reviews for Chemical and Biomolecular Engineering and Human-Computer Interaction, with minor edits. The motion was seconded and approved. Unanimous.

Adjourned,

  
Reta Pikowsky  
Registrar

Addendum: Subcommittee Recommendations on Petitions
