ME 8751 Multidisciplinary Research Foundation II 0-9-3

(Other participating units are: CS/AE/ECE.)

Note: This was approved by the School of Mechanical Engineering in Spring 2007 when the PhD in Robotics program and these courses were approved. The packet that was approved at that time by the Graduate Committee did not note this additional cross-listing, but should have. This action was taken to correct the administrative oversight from Spring 2007.
