Academic Matters

1. A motion was made to approve a request from the School of Earth and Atmospheric Sciences for a new course. The motion was seconded and approved.

NEW COURSE

EAS 4625 Water Quality Modeling 2-3-3

Note: The new course proposal form was corrected to show the hours as 2-3-3 as opposed to 3-0-3 to recognize the lab component. The following final version of the prerequisite information is taken from action on the graduate level version of the course by the Graduate Committee.

Note: In a subsequent email communication the prerequisite was further clarified as the following: Prerequisites: The student needs to have taken **only one** out of the five courses listed: EAS 3620 or EAS 6214 or CEE 6313 or EAS 3603 or CHEM 3411 (the "and" listed on the course proposal was a typo and should be replaced by an "or").

2. A motion was made to table a request from the School of Biology for new courses. The request will be brought back when it is complete.

Petitions – Written Appeal

1. A motion was made to deny the written appeal of a petition for later withdrawal from Summer 2007 based on medical documentation. The motion was seconded and approved.
